

Hurricane 1000

Hurricane 1000 is a lightweight and compact fog machine combining dense fog output and portability. It can be operated from a distance using either the included wired or wireless remote. After an initial heat up period, the Hurricane 1000 is always ready to provide fog on demand. A manual fog button provides easy control at your fingertips and the LED-illuminated tank enhances operation and safety indicating heater status and fluid levels. The machine has ultra-fast heat up time for a quick setup and residue-free water based fog output.
