CHAUVET PROFESSIONAL

About This Guide

The Ovation E-910FC IP Quick Reference Guide (QRG) has basic product information such as connection, mounting, menu options, and DMX values. Download the User Manual from www.chauvetprofessional.com for more details.

Disclaimer

The information and specifications contained in this QRG are subject to change without notice.

LIMITED WARRANTY

FOR WARRANTY REGISTRATION AND COMPLETE TERMS AND CONDITIONS PLEASE VISIT OUR WEBSITE.

For Customers in the United States and Mexico: www.chauvetlighting.com/warranty-registration.

For Customers in the United Kingdom, Republic of Ireland, Belgium, the Netherlands, Luxembourg, France, and Germany: www.chauvetlighting.eu/warranty-registration/**.**

Chauvet warrants that this product shall be free from defects in material and workmanship under normal use, for the period specified in and subject to the exclusions and limitations set forth in, the full limited warranty on our website. This warranty extends only to the original purchaser of the product and is not transferable. To exercise rights under this warranty, you must provide proof of purchase in the form of an original sales receipt from an authorized dealer that shows the product name and date of purchase. THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES. This warranty gives you specific legal rights. You may also have other rights that vary from state to state and country to country. This warranty is valid only in the United States, United Kingdom, Republic of Ireland, Belgium, the Netherlands, Luxembourg, France, Germany and Mexico. For warranty terms in other countries, please consult your local distributor.

Safety Notes

- DO NOT open this product. It contains no user-serviceable parts.
- To eliminate unnecessary wear and improve its lifespan, during periods of non-use completely disconnect the product from power via breaker or by unplugging it.
- DO NOT look at the light source when the product is on.
- CAUTION: This product's housing may be hot when lights are operating. Mount this product in a location with adequate ventilation, at least 20 in (50 cm) from adjacent surfaces.
- DO NOT leave any flammable material within 50 cm of this product while operating or connected to power.
- CAUTION: When transferring product from extreme temperature environments, (e.g., cold truck to warm humid ballroom) condensation may form on the internal electronics of the product. To avoid causing a failure, allow product to fully acclimate to the surrounding environment before connecting it to power.
- Not for permanent outdoor installation in locations with extreme environmental conditions. This includes, but is not limited to:
    - Exposure to a marine/saline environment (within 3 miles of a saltwater body of water).
    - Where the normal high or low temperatures of the location exceed the temperature ranges in this manual.
    - Locations that are prone to flooding or being buried in snow.
    - Other areas where the product will be subject to extreme radiation or caustic substances.
- USE a safety cable when mounting this product overhead.
- DO NOT submerge this product (IP65). Regular outdoor operation is fine.
- DO NOT operate this product if the housing, lenses, or cables appear damaged.
- DO NOT connect this product to a dimmer or rheostat.
- ONLY connect this product to a grounded and protected circuit.
- ONLY use the hanging/mounting bracket to carry this product.
- In the event of a serious operating problem, stop using immediately.
- The maximum ambient temperature is 113 °F (45 °C). Do not operate this product at higher temperatures.

FCC Compliance

This device complies with Part 15 Part B of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Contact

Outside the U.S., United Kingdom, Ireland, Benelux, France, Germany, or Mexico, contact your distributor to request support or return a product. Visit Contact Us at the end of this QRG for contact information.

What is Included

- Ovation E-910FC IP
- Seetronic Powerkon IP65 power cord
- Quick Reference Guide

AC Power

This product has an auto-ranging power supply that can work with an input voltage range of 100–240 VAC, 50/60 Hz.

Power Linking

You can link up to 7 Ovation E-910FC IP products at 120 VAC, 11 products at 208 V, or 12 at 230 VAC. Never exceed this number. Power linking cords can be purchased separately.

AC Plug

Connection	Wire (U.S.)	Wire (Europe)	Screw Color
AC Live	Black	Brown	Yellow/Brass
AC Neutral	White	Blue	Silver
AC Ground	Green/Yellow	Green/Yellow	Green

- **To eliminate unnecessary wear and improve its lifespan, during periods of non-use completely disconnect the product from power via breaker or by unplugging it.**
- **When using this product in an outdoor IP65-type environment, be sure to use IP65 (or higher) rated power cables and secure unused ports with attached IP65 covers.**

DMX Linking

The Ovation E-910FC IP will work with a DMX controller using a 5-pin DMX serial connection. A DMX Primer is available from www.chauvetprofessional.com.

DMX Connection

The Ovation E-910FC IP uses a 5-pin DMX data connection for its DMX personalities: **4 Ch**, **6 Ch**, **8 Ch**, **11 Ch**, **13 Ch**, **14 Ch**, **16 Ch**, and **HSV**. See the User Manual for information about connecting and configuring the product for DMX operation.

When using this product in an outdoor IP65-type environment, be sure to use IP65 (or higher) rated data cables and secure unused ports with attached IP65 covers.

Master/Slave Connection

The Ovation E-910FC IP uses the DMX data connection for its master/slave mode. See the User Manual for information about how to connect and configure the product for master/slave operation.

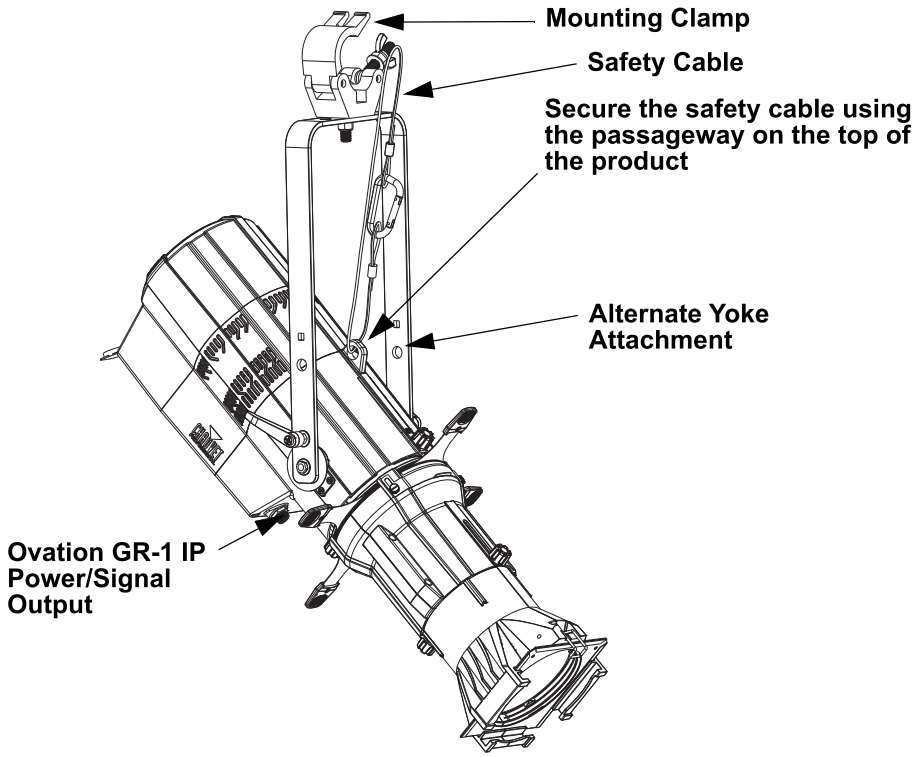
RDM (Remote Device Management)

Remote Device Management, or RDM, is a standard for allowing DMX-enabled devices to communicate bi-directionally along existing DMX cabling. Check the DMX controller's User Manual or with the manufacturer as not all DMX controllers have this capability. The Ovation E-910FC IP supports RDM protocol that allows feedback to make changes to menu map options. Download the User Manual from www.chauvetprofessional.com for more details.

Mounting

Before mounting this product, read the Safety Notes. Use at least one mounting point per product. Make sure the mounting clamps are capable of supporting the weight of the product. For our Chauvet line of mounting clamps, go to http://trusst.com/productcategory/truss-clamps/.

Product Mounting Diagram



Overhead Mounting

Control Panel Description

Button	Function
<MENU>	Exits from the current menu or function
<ENTER>	Enables the currently displayed menu or sets the currently selected value into the selected function
<UP>	Navigates upwards through the menu list or increases the numeric value when in a function
<DOWN>	Navigates downwards through the menu list or decreases the numeric value when in a function

Lens Tubes

The following lens tubes are available for purchase:

- 19°, 26°, 36°, and 50° w/Gel frame (6.25 in/159 mm accessories)
- 14°, 15°–30° and 25°–50° Zoom Gel frame (7.5 in/191 mm accessories)

Passcode

After being prompted, enter the following passcode by pressing:

<UP>, <DOWN>, <UP>, <DOWN>, <ENTER>

This passcode cannot be changed and must be used whenever prompted.

Virtual Color Wheel (VCW)

The Ovation E-910FC IP includes a feature called the Virtual Color Wheel (VCW). This feature is available as a stand-alone control mode for manual use and also as a control channel in select DMX personalities. Over 30 pre-mixed colors, custom blended by our engineers, are available to call up for easier programming.
The DMX values used to mix these colors are provided below. You may adjust the overall intensity of the Ovation fixture in order to more closely replicate colors you are familiar with. A chart is available on our website www.chauvetprofessional.com to compare our pre-mixed colors with popular gel colors. This chart is for comparison purposes only and is not a representation that our pre-mixed colors match any of the gel colors listed.
