

S 29 WP

HIGH-POWER WEATHERPROOF SUBWOOFER

Description

S 29 WP is a high-power dual 19" cone subwoofer suitable for high-powered outdoor applications. The bass-reflex design ensures an efficient acoustic response down to 25 Hz. The high-quality plywood cabinet is finished with a black, heavy-duty polyurea coating and protected by a powder-coated metal grille. An M20 pole mount adapter is provided on top of the cabinet, with handles on both sides. The enclosure can be ground-stacked and cardioid-arrayable for improved rear rejection. For enhanced weather resistance, the WP model features an acoustically transparent, water-repellent fabric discreetly embedded within the grille assembly and IP67 Amphenol Ecomate power connectors.

Features

- › Up to 3000 W power handling
- › 143 dB max SPL
- › 25 ÷ 200 Hz frequency range
- › 2 x 19" HyperVented Neodymium Woofer with 4" v.c.
- › High-quality polyurea-coated multi-ply cabinet
- › Steel grille with water-repellent protection
- › Integrated M20 threaded pole mount on top
- › 2 x Amphenol eco|mate IP 67 connectors
